Let the world see your femininity in all its bravery and boldness. The sparkling aroma of Chloé Rose Tangerine Eau de Toilette para Mujer translates this notion so flawlessly that you will instantly draw the attention of everyone around you.

Composition of the fragrance

The fragrance opens with charming fresh notes of tangerine, giving it a bright, sunny quality. Then comes the aroma of blackcurrant to provide a striking character, and rose to give the perfume a clean, delicate quality. Sweet woody notes of cedar wood along with soft white amber round off the composition beautifully.

Story of the fragrance

This modern fruity fragrance with a strong addictive potential has a significantly different composition than the iconic Chloé from 2008. While the original Eau de Parfum was dominated by powdery and rose notes, Chloé Rose Tangerine Eau de Toilette is built around freshness provided by a combination of tangerine and blackcurrant.

The light orange colour of Chloé Rose Tangerine accentuates its fruity character. The unusual orange bow on the neck of the bottle and the shape of the bottle itself maintain a minimalist design, so perfect for a modern and confident woman. Actress Lucy Boynton was chosen as the ambassador of the fragrance for her natural beauty and the way she flawlessly personifies the spirit of the girl this perfume was designed for.
